BSF has employed seven Strategy Advocates in the Strategy Project and will add three more by the end of the month in order to have a total of 10 strategy advocates.

Strategy Advocates will work together with the municipalities, within different departments, to implement the strategy of integration of Roma, Ashkali, and Egyptians on a local level. This is important work because we are providing the municipalities with knowledge and human resources in order to assist the government's strategy of integration of Roma, Ashkali, and Egyptians into Kosovo society. The Czech Development Agency, through People in Need, supports the implementation of this project. UNICEF also assists this project in FushÃ« Kosova. The Strategy Coordination Center office is located in FushÃ« Kosova.
