In 2008, the Government of Kosovo approved the "Strategy for the Integration of Roma, Ashkali and Egyptian communities", followed in 2009 by its Action Plan. However, little funding has been allocated for its implementation. Balkan Sunflowers is currently implementing a project with the goal of increasing the awareness and capacity of municipal officials on the implementation of the Strategy in 9 municipalities. The project aims as well at improving the cooperation among NGOs, CSOs and other stakeholders working with Roma, Ashkali and Egyptian communities, in order to empower citizens and civil society to actively participate in the policy and decision-making process regarding to the Strategy at local level.

Please visit [The Strategy website](#) for more information about the project.
