

International Children's Day at SHLC

Thursday, 12 June 2014

Last Updated Tuesday, 17 June 2014

The EDI Project Consortium partners marked International Day of the Child with children from Albanian, Roma, Ashkali and Egyptian communities in Shtime and Fushë Kosovë on May 30 at Balkan Sunflowers Kosova's Shtime Learning Center (SHLC).

This event brought together about 400 participants - mainly the young children (grades 1-5) from the BSF Shtime Learning Centre, Emin Duraku Shtime Elementary School, The Ideas Partnership's (TIP) Fushë Kosovë Learning Center and their volunteers and staff from BSFK, TIP and Sports sans Frontières. Children participated in many recreational activities including dance, sports, drawing, teamwork, recycling and show and tell. The day culminated with children walking through Shtime city center holding placards to raise awareness about children's rights in their community.
